Tax 20.14 How to claim the credit. (1) TAXABLE PROPERTY. (a) 1. 'Precertification years.' An owner of taxable property who qualifies for the lottery and gaming credit may claim the credit on an application prescribed by the department. The owner must attest that as of the certification date of the precertification year, he or she is the owner of the property described on the application and that as of that date he or she uses the property as his or her primary residence. The completed application shall be filed with the county treasurer except that in a city that collects taxes under s. 74.87, Stats., the application shall be filed with the city treasurer. Beginning with the credit for 1999 property taxes, a claim that is made under this subdivision is valid for 5 years, except as provided under s. Tax 20.19 (2).

Note: A copy of the prescribed application for the 1999 credit, including instructions, is attached as an appendix.

2. 'Interim years.' An owner of taxable property who becomes eligible to claim a credit in years other than a precertification year may claim the credit by filing an application with the treasurer of the county in which the property is located or, if the property is located in a city that collects taxes under s. 74.87, Stats., with the treasurer of that city. The owner must attest that as of the certification date, he or she is the owner of the property described on the application and that as of that date he or she uses the property as his or her primary residence. Except as provided under s. Tax 20.19 (2), claims made under this subdivision are valid until the next following precertification year.

(b) If more than one owner qualifies for and claims a credit on a parcel of taxable property, each owner shall claim the credit under par. (a) on a separate application. The number of credits claimed on a parcel may not exceed the number of dwellings on the parcel. Total credits are limited by s. Tax 20.12 (3).

Note: Examples of owners whose primary residence is on the same parcel as another owner include co-owners of an agricultural parcel on which each owner has a primary residence or co-owners of a duplex in which each dwelling is occupied by one of the owners.

(c) An owner who qualifies for the credit against taxes but whose tax bill does not reflect the credit may claim the credit until January 31 following the issuance of the tax bill by filing the application under par. (a) with the treasurer collecting the taxes. If the application is approved, the treasurer shall proceed under s. Tax 20.15 (1) (e). Applications made after January 31 shall be filed with the department as provided under s. Tax 20.18.

(d) 1. If a property that has been transferred to a new owner qualifies for the credit because a previous owner used the property as his or her primary residence on the certification date, the new owner of the property may apply for the credit on a form prescribed by the department. The applicant shall attest that to his or her knowledge, the property was used as a primary residence by the previous owner of the property as of the certification date. Applications made under this paragraph for the credit for 1999 property taxes shall be filed with the department. For each accepted claim under this paragraph, the department shall direct the treasurer under par. (a) to compute the credit, subtract it from the amount due for the approved parcel of the owner and make an appropriate entry in the tax roll or the department shall issue a check to the taxpayer in the amount equal to the computed credit. Beginning with the lottery and gaming credit for 2000 property taxes, applications made under this paragraph shall be filed with

the treasurer of the county in which the property is located or, if the property is located in a city that collects taxes under s. 74.87, Stats., with the treasurer of that city. Applications made after January 31 shall be filed with the department for processing under s. Tax 20.18 (2).

2. A claim made under this paragraph is valid until the next following precertification year. If the claimant under this paragraph does not own or use the property as his or her primary residence on the certification date of any year subsequent to the year of the claim, the claimant shall withdraw the claim as required under sub. (3).

(2) MOBILE HOMES. (a) 1. 'Precertification years.' The owner of a mobile home subject to a monthly mobile home parking permit fee who qualifies for the credit may claim the credit on an application prescribed by the department. The owner must attest that as of January 1 of the precertification year he or she is the owner of the mobile home described on the application and as of that date he or she uses the mobile home as his or her primary residence. The completed application must be filed with the taxation district treasurer no later than February 10 of the year the fees are payable. Beginning with the credit for fees payable in 2000, a claim that is made under this subdivision is valid for 5 years, except as provided under s. Tax 20.19 (2).

2. 'Interim years.' An owner of a mobile home who becomes eligible to claim a credit in years other than a precertification year may claim the credit by filing an application with the taxation district treasurer no later than February 10 of the year the fees are payable. The owner must attest that as of the January 1 of the year the fees are payable, he or she is the owner of the property described on the application and that as of that date he or she uses the property as his or her primary residence. Except as provided under s. Tax 20.19 (2), claims made under this subdivision are valid until the next following precertification year.

(b) The taxation district treasurer shall compute the amount of the lottery and gaming credit under s. Tax 20.12 (2). One-twelfth of the credit so determined shall be subtracted from each monthly mobile home parking permit fee otherwise due for the parking site occupied by the owner under par. (a) on January 1.

(c) The amount of the lottery and gaming credit pertaining to months in which a fee is not due for the parking site of an owner under par. (a) shall be recorded by the taxation district treasurer and remitted to the department of administration by January 20 of the following year. The taxation district treasurer shall charge back to the school district the corresponding credits settled for under s. Tax 20.17.

(3) WITHDRAWING A CLAIM. Within 30 days of the date on which the claimant no longer owns the parcel of taxable real or personal property or the mobile home subject to a mobile home parking fee on which a claim was based or no longer uses the property as his or her primary residence, the claimant shall inform the treasurer administering the credit under s. Tax 20.14 that he or she is no longer eligible to claim a credit for the property. Failure to do so may subject the owner to penalties under s. Tax 20.19 (2). This subsection also applies to credits extended under s. Tax 20.13.
